Home invasion. Child abduction. Car jacking. Stalking threats. These crimes punctuate television news coverage and highlight the pages of newspapers, magazines and the Web.

Unfortunately, the truth is that nearly 1.2 million cases of forcible and/or unlawful entry of residences occurred in 2006.¹ Each year 58,000 children are victims of stranger/non-family abductions.² Nearly 35,000 carjackings occur annually,³ and roughly 1.4 million people in the United States are stalked each year.⁴

It's comforting to know that *Masterpiece*[®] Family ProtectionSM from Chubb helps cover your costs if you or someone close to you is a victim of these crimes almost anywhere in the world. As a leading insurer of fine homes and possessions, Chubb is also the only insurer to offer a family protection coverage option. We not only help protect the things you treasure most but also cover the people who are most precious to you.

No Matter Where You Call Home

Whether it's your house, apartment or even a place that you reside in only temporarily, Chubb can help. If you are hosting a pool party and your summer home is invaded, you are covered for more than just the stolen items. Or you might be in a hotel suite while you are traveling on business...or vacationing aboard a friend's yacht. Chubb even provides coverage for family members who don't live under your roof, such as a daughter who boards in a college dorm. Chubb helps mitigate the medical, psychiatric, home security and other expenses that may be associated with a home invasion.

Wherever Your Children Go

Child abduction is the last thing you want to think about if you have young children in your life. Our coverage applies wherever your children may be—in the backyard, across town or even around the world. So, if your son is away at camp, you have coverage. *Masterpiece* Family Protection also extends to child guests in your home or away from home. Perhaps you travel abroad with your grandchildren or just to a nearby park, and something unfortunate happens. Chubb covers related child abduction expenses such as travel and phone costs; medical, dental and psychiatric costs for the child victim; and a reward for information leading to the conviction of the perpetrator, so that you can focus on your family's needs. We also offer access to The Ackerman Group Inc.—a highly regarded international security firm that specializes in crisis mitigation—and help defray their fees. Chubb includes coverage for costs resulting from the abduction of a child under 13.

Coverage on the Road

It's the holiday season, and the parking deck at your local shopping center is very crowded. You finally locate a secluded spot on the upper deck. When you park the car, someone forces the door open, jumps in the front seat and demands that you drive to the nearest ATM. Chubb's car jacking coverage applies to you, a family member or any covered relative who operates or occupies your vehicle. Coverage includes expenses related to bodily injury, trauma, lost wages, insurance deductibles and a reward to find the perpetrator. (Car jacking coverage not available to Florida policyholders).

If the Unexpected Occurs

In the unfortunate event that a covered home invasion, child abduction or car jacking leads to loss of life or certain disabling or debilitating injuries, Chubb can provide additional coverage. (Not available in all states).

When You Need Added Insurance Protection

Perhaps you parted ways with someone. To protect yourself and your family, you obtain a temporary restraining order. The person proceeds to stalk you, and you contact the police. If you have a court order and the named party continues to stalk you, Chubb can cover certain security measures you may take to protect yourself and your family, such as a professional security consultant, security guard services, security upgrades to your home and if necessary, temporary relocation.

We're Here If You Need Us

Chances are likely that you or someone you love may never be a victim of these particular crimes. But, in life, anything can happen. It's comforting to know that Chubb can help.
